Who are the owners of Olympism?

Katia Rubio

Why ask this question?

• I am not against the Olympics.
• I like and work with sport.
• I can see the power game beside this circus.
The modern Olympism

- It is necessary to have a group to organize the Olympic Games.
- Democracy is not necessary to regulate this group.
- This group should be supra national.
- There is no frontier in the Olympic Movement.
