Welcome to Self-assessment Tool in Good Governance in Grassroots Sports

This tool has been created by the International Sport and Culture Association - ISCA - with the assistance of Good Governance in Grassroots Sport Project partners as a resource for grassroots sport organisations. It provides a range of information and templates across three themes of governance and four Principles.

The purpose of the tool is to provide access to a sport-specific governance resource that will improve governance practices and to assess the governance and leadership level in your organisation.

What is so special about Grassroots Sport?
What is so special about Grassroots Sport?

-We have a chance to prevent problems. Not fix them.

-We have a chance to prevent problems. Not fix them.
-We are dealing with the biggest section of sport, much is at stake!
What is so special about Grassroots Sport?

- We have a chance to **prevent** problems. Not **fix** them.
- We are dealing with the **biggest** section of sport, much is at stake!
- There is rather much **need for awareness** and even misunderstandings in the sector.
What Grassroots Sport Organisations THOUGHT they knew about Good Governance!
