**Azerbaijan Weightlifting Federation**

**President**

**Mr. Jahangir Askerov**

Dear President,

We have just received the laboratory results of the out-of-competition mission carried out in Baku, Azerbaijan on the 14<sup>th</sup> September.

There are eight positive findings among the tested athletes.

You may find the list of athletes attached including the ones already tested positive this year. The total number for this year is 23.

I cannot take any responsibility or accept such serious violation of the IWF Anti-Doping rules and the objectives of our sport. This is clearly a moral massacre regarding the athletes.

The financial sanction to be imposed on your federation is several hundreds of thousands of dollars and it is irresponsible to take responsibility for your federation.

Now I know that it was a terrible mistake when earlier this year I did not insist on the application of stricter sanctions on your lifters and coaches.

I hereby request that your coaches be sanctioned and dismissed with immediate effect.

The mentioned cases will not yet be published but I can no longer take the responsibility in front of the WADA and the IOC for your federation.

With regard to the attached list, you are requested to ensure that none of these athletes will take part in the upcoming IWF World Championships.

Looking forward to your prompt response.

Yours sincerely,

**Dr. Tamás Aján**
